

# Transmission & Access

1. What business accounts for the largest traffic in the radio and television bearer network?

A. Video

B. Collecting customers

C. Broadband

D. Wireless

**Answer(s): A**

---

2. OLT EA5801 maximum support () business GPON port.

A. 32

B. 8

C. 4

D. 16

**Answer(s): B**

---

3. What are the advantages of the PONDER board in Huawei's financial data center transmission solution? (Multiple choice)

A. Highly integrated and slot-saving

B. Low latency

C. Support multi-service access

D. Applicable to P2P networking

**Answer(s):** A,B,C,D

---

4. What interfaces does the enhanced MSTP built-in PCM support? (Multiple choice)

A. V.35

B. RS232

C. FXS/ FXO

D. 6 \* 2/4 line voice/E&M

**Answer(s):** A,B,C,D

---

5. The frame rate of ODU0 is 1.25Gbits/s, the frame rate of ODU1 is 2.5Gbits/s, and the frame rate of ODUflex is 40Gbits/s.

A. TRUE

B. FALSE

**Answer(s):** B

---

6. Huawei's power distribution network ONU does not support the function of preventing illegal access of terminals.

A. TRUE

B. FALSE

**Answer(s):** B

---

7. Huawei optimizes low-latency solutions at the system and chip levels to meet the performance requirements of financial active-active data centers.

A. TRUE

B. FALSE

**Answer(s): A**

---

8. POL is an all-optical local area network launched for enterprise network application scenarios, which can be widely used in network construction in education, medical care, buildings, and parks.

A. TRUE

B. FALSE

**Answer(s): A**

---

9. Which of the following products is the main product in Huawei's smart city transmission network solution?

A. OSN8800

B. OSN7500

C. OSN3500

D. OSN9800

**Answer(s): D**

---

10. Huawei Enterprise access the new series ONU includes which of the following models?  
(Multiple Choice)

A. OptiXstar T672E

B. OptiXstar P8040E

C. OptiXstar P613E

D. OptiXstar P812E

E. OptiXstar P737E

F. OptiXstar P612E

**Answer(s):** A,C,D,F

---

**11.** In a project, the customer's ONU port requirements are 4GE+2pots. Which products are met?  
(Multiple Choice)

A. HG8546M

B. EG8240H

C. EG8240P

D. EG8040P

**Answer(s):** B,C

---

**12.** The OLT model of the radio and television access central office is EA5800.

A. TRUE

B. FALSE

**Answer(s):** B

---

**13.** DCI box equipment supports multi-service bearer, suitable for trunk network.

A. TRUE

B. FALSE

**Answer(s): B**

---

**14.** The unique features of GPON full-light network relative to traditional switch solutions are:  
(Multiple Choice)

A. The full light is passive light network, the network is simpler, and the network is more flexible

B. The transmission scheme of single fiber and double fiber, as well as P2MP technology, limited optical fiber resources.

C. Rich interface, you can provide a variety of access business needs such as office, telephone, and effective TV. One network carries all business

D. The product is rich in form and can meet different application scenarios such as education, medical care, parks, buildings, etc.

**Answer(s): A,B,C,D**

---

**15.** What are the value points of the newly added VST6 boards in 1800? (Multiple choice)

A. No such feature

B. Can be used in all radio and television front-ends (including provincial, municipal and county companies)

C. Save the cost of ASI-DS3 transcoder and save customer investment

**Answer(s): A,B,C**

---

**16.** Which of the following railway businesses is SDH business? (Multiple choice)

A. EOS

B. STM-N

C. Video Surveillance

D. 2M

**Answer(s):** A,B,D

---

**17.** On the main railway line, what is the recommended bandwidth of the main MS-OTN solution at the interval layer?

A. 10G

B. 2.5G

C. 40G

D. 622M

**Answer(s):** A

---

**18.** What is the correctness of the sales strategy of the "IP+Light" fusion solution solution?  
(Multiple Choice)

A. Sales scenarios are mainly facing the park network, including campus, hospitals, weak electric buildings, parks, etc.

B. Sales need to pay attention to the restrictions on brand isolation

C. All products contained in the scheme are available in the world

D. OLT can communicate with any competitors' onu

**Answer(s):** A,B

---

**19.** In the smart city transmission network solution, what are some of the transmission products that Huawei mainly promotes? (Multiple choice)

A. OSN1800

B. OSN8800

C. OSN6800

D. OSN9800

**Answer(s):** A,D

---

**20.** Which of the following 9800 M12 Product Highlights? (Multiple choice)

A. 12-slot small board, flexible configuration

B. High integration of 5 frames in one cabinet

C. 400G platform

D. Common with M24 small board

**Answer(s):** A,B,C,D

---
