

# Huawei Certified Network Associate

1. Number of users supported by U1960 [radio].

A. 300

B. 10000

C. 600

D. 1000

**Answer(s): D**

---

2. Polycom RMX MCU auxiliary current adaptation is strong, while the 96 series can support H.264/H.263/H.263+ three formats of auxiliary current adaptation and auxiliary current does not occupy MCU port [ [ Multiple choice questions].

A. False

B. True

**Answer(s): B**

---

3. Which of the following terminal models supports 4K30+1080P60?() [Single Selection].

A. Box600

B. Box 300

C. Bar 300

D. All of the above

**Answer(s): D**

---

4. The device topology can be arranged in a tree structure to set a background map for each layer organization to facilitate device management [radio].

A. False

B. True

**Answer(s): B**

---

5. The built-in MCU license sales code of the TE series terminals is the same [single choice].

A. False

B. True

**Answer(s): A**

---

6. Medical carts can be used [multiple choice].

A. Remote visitation

B. Remote monitoring

C. Mobile rounds/consultations

D. Remote reception

**Answer(s): A,B,D**

---

7. What are the features of Huawei's Distance Education Elite Classroom Program? [Multiple Choice Question].

A. The teaching process and content adopt 2-way guide video switching output, high-lighting the focus of the classroom and listening to the lectures in a remote immersive manner

B. Teaching process 3 camera position fully automatic tracking, 5 teaching scenes smooth switching, no need to watch, no garbage lens.

C. 1080P HD recording, multi-terminal access, online real-time live broadcast and teaching video on demand anytime, anywhere

D. HD remote interactive teaching, 1080P60 dual-stream/CD sound quality, high fluency, VME+5.264 HP low bandwidth

**Answer(s):** A,B,C,D

---

8. What are the differences between TE30 and TE40/TE50/TE60? (BCDE) [multiple choice].

A. TE30 is an all-in-one terminal, and TE40/TE50/TE60 is a split terminal

B. TE30 does not support PSTN, TE40/TE50/TE60 both support PSTN

C. TE30 does not support multi-view, TE40/TE50 supports 2-view, and TE60 supports 3-view

D. TE30 Max Support 1080P 30fps, TE40/TE50/TE60 Max Support 1080p 60fps

E. TE30 does not support VGA loopback, and TE40/TE50/TE60 supports VGA loopback

**Answer(s):** A,B,D,E

---

9. What is the wrong description of Huawei's telemedicine teaching scenario below? [Single Selection].

A. Huawei telehealth teaching mainly includes: remote academic seminars and online learning

B. Remote surgery is not a Huawei telemedicine teaching scenario

C. Huawei's telemedicine teaching mainly includes: remote surgery and remote academic seminars

D. Huawei's telehealth teaching scenarios are mainly based on teaching and discussion

**Answer(s):** B

---

10. Which of the following types of forward services does the converged communication solution support? [Multiple Choice].

A. Offline forward rotation

B. Turning forward in case of busyness

C. Unconditional forward rotation

D. Forward without answer

**Answer(s):** A,B,C,D

---

11. The hardware component that needs to be replaced due to the VP96X0MCU (NP version) upgrading to the VP96X0MCU (RED5.0) is () multi-select

A. Power module

B. Media board

C. Main control board

D. Frame

**Answer(s):** A,B,C,D

---

12. What are the technical capabilities that TE30 can achieve the lowest band-width consumption in the industry? [Multiple selection].

A. H.264 SVC

B. VME

C. H.264 HP

D. SEC3.0

**Answer(s):** A,C

---

**13.** RSE6500 recording server supports secondary stream content indexing and thumbnail preview, making it more convenient for customers to use [radio].

A. True

B. False

**Answer(s):** A

---

**14.** What are the screen sizes supported by CloudLink Board? [Single Selection].

A. 65

B. 86

C. 55

D. 70

**Answer(s):** A

---

**15.** TE30, TE40, TE50, TE60, currently can you connect up to a few VPM220/VPM220W microphones respectively? [Single Selection].

A. 2,2,3,4

B. 1,1,1,2

C. 1,2,2,3

D. 1,2,3,3

**Answer(s):** C

---

**16.** CloudLink Board enables smooth two-way collaboration and provides an efficient collaborative work experience [single choice].

A. False

B. True

**Answer(s): B**

---

**17.** What are the following MCUs that can support the single live conference mode? [Single Selection].

A. VP9660

B. VP9650

C. CloudMCU

D. VP9630

**Answer(s): C**

---

**18.** Is the following statement about HL 265 correct? [Multiple Choice Question].

A. Red MCUs can support both HL 265 full-exchange conference and HL 265 full-adapted conference

B. 1ch HL 264 1080P fully adaptable port, can be converted to 1ch HL 265 1080P fully adaptable port

C. NP MCU supports HL265 pure forwarding conferencing, but does not support HL 265 stream adaptation

D. 1 HL 265 1080P fully adaptable port, can be converted to 1 HL 264 1080P fully adaptable port

**Answer(s): D**

---

**19.** TE40 HD video conferencing terminal supports ( ) 10/100/1000M Base-T ether-net ports.  
Radio

A. 1

B. 3

C. 2

D. 4

**Answer(s): C**

---

**20.** The RP-A comes standard with a VPC600 camera, while the RP-T comes standard with a VPT300 camera . () [Single Selection].

A. False

B. True

**Answer(s): B**

---
